Mr. Khoram said that there are still 860 million Rubles more that Russia has given in aid to Afghanistan. Shvedenko and Khoram, both talked about the friendly relations between the two countries.

Czech leaders have sent congratulations messages to President Daoud; and Finland has also recognized the Afghan Republic regime.

Confirmed by 15000 AFD people

People can't get more than 5000 Afs from their bank accounts, this has worried the people and everybody seems anxious to get their money out of the banks. Also people don't trust the present currency, so they buy foreign currency.

People also believe that the young army officers of the central committee seem to be much powerful and have dominated Daoud's authority. People believe that Daoud has had a favourite attitude towards the ex-king family.
